

OPENING PICTURES

See "stacked picture effect" beginning about 4:13 in
<https://www.youtube.com/watch?v=la2b54srRZM>

Use pictures in 1 to 8 in <http://www.taiwanbasic.com/rec-temp/mabo/News-Lett/Lett01/LA/>

Comments:

- 1) There is an attractive "world map" graphic underneath,
- 2) The pictures all have a white border,
- 3) The pictures have some lettering on them, however I do not need that, except on the
LAST PICTURE in the stack

(Here it is Barcelona. For my film it is Los Angeles.)

REFERENCE -- <http://www.taiwanbasic.com/rec-temp/mabo/News-Lett/Lett01/opening.jpg>

After [LA-8.jpg](#) is on screen for a second, then place [LA-TimesblueSM.jpg](#) in center of screen, slowly EXPAND OUTWARD, becoming bigger and bigger,

REFERENCE – [LA-Timesblue.jpg](#)

Then show [LA-Bldg-a.png](#)
[LA-Bldg-b.png](#)

Go to this web address

<http://www.taiwanbasic.com/bbs/viewtopic.php?f=6&t=486>

Look at the given choices, and then get THREE selections of "Newspaper printing plant film excerpts" (approx.. 4 seconds each), and place each one inside a box on right side of screen

Show -- [LA-Bldg-c.png](#) on screen

Then begin to roll the screen up, and bring up the full screen of

<https://www.youtube.com/watch?v=NtPDnfhPuil> beginning about 1:23

(which will look similar to [phila-navy-yard00.jpg](#)) and hold for 1 second, then inlay

[taiwan-arms01.jpg](#) centered in middle for about 0.9 seconds

(which will look similar to [phila-navy-yard01.jpg](#))

(Each of the following inlay pictures can appear for approx. 0.9 seconds)

Next. change the inlay picture into [taiwan-arms02.jpg](#)

Then change the inlay picture into [taiwan-arms03.jpg](#)

Then change the inlay picture into [taiwan-arms04.jpg](#)
Then change the inlay picture into [taiwan-arms05.jpeg](#)
Then change the inlay picture into [taiwan-arms06.jpg](#)
Then change the inlay picture into [taiwan-arms07.jpg](#)
Then change the inlay picture into [taiwan-arms07blurr.jpg](#)
Then change the inlay picture into [taiwan-arms07-logo.jpg](#)
Then change the inlay picture into [taiwan-arms07-ch.jpg](#)
Then change the inlay picture again into [taiwan-arms07-logo.jpg](#)
But hold [taiwan-arms07-logo.jpg](#) on screen for an extra 1.5 seconds

[Note: the effect of the above is that the individual pictures are appearing on top of a moving background]

Use WIPE style #10 and then show

[LA-Headq1.png](#)

[LA-Headq2.png](#)

[LA-Headq3.png](#)

[LA-Headq2.png](#)

Use WIPE style #7

Then show “dumping paper” video <https://www.youtube.com/watch?v=qxiGulrbkzo>

From about 0:26 to 0:37

Then begin to roll the screen up, and show content of “Letter to the Editor.”

(That is in [LA-Times.docx](#))

Notes:

1) Background color on the screen can be –

[backgr-light.png](#)

2) Color of **type** can be a very dark grey, such as #4E4E4E

3) (A) For typestyle, see approx.. beginning 2:30 in

<https://www.youtube.com/watch?v=EUYF9qRxyZ0>

(B) The SIZE of the type should be adjusted. At best, the following words should be able to fit on one line –

RE: Taiwan Arms Sales and Military Conscription

(If these words can fit on one line, this will be a suitable SIZE)

- 4) The following paragraph should be indented, on left and right, and in italics
"Taiwan, or the Republic of China, is not at this point a state in the international community. The position of the United States government is that the ROC -- Republic of China -- is an issue undecided, and it has been left undecided, as you know, for many, many years."
- 5) For suitable italics typestyle, see beginning approx. 0:21 in <https://www.youtube.com/watch?v=kjCCJp9BqpE>
- 6) Lettering is shown on screen line by line, and screen rolls up (This is a very easy effect, similar to what we have done before.)
- 7) The following paragraph should be indented, on the left and the right, and in a slightly smaller type size –
(name, address, title, educational background, email, telephone #, FAX #, birthdate, age, hair color, shoe size, sex at birth, etc. were all included in original email Letter)
- 8) NOTE: WHEN SHOWING THE CONTENT OF THIS "Letter to the Editor" ON THE SCREEN, PLEASE LEAVE APPROX. 22% OF THE AREA ON THE BOTTOM OF THE SCREEN **BLANK**, SO THAT THE CHINESE SUBTITLES CAN BE ADDED HERE.

Continue rolling up the text, and bring

[los_angeles_logoc.jpg](#) on to screen (centered)

underneath place [373_EB-logo.jpg](#) (centered)

When these two graphics have rolled off of the screen,

Next will be to put "nine boxes" on the screen (as we have done before in other films)

My "numbering" in the following description will follow along with the numbering in [9-boxes.jpg](#)

First, place the [not-published05.png](#) in box 5

Then place [rejected01.jpg](#) in box 1

Then place [rejected08.jpg](#) in box 8

Then place [rejected06.jpg](#) in box 6

Then place [rejected03.jpg](#) in box 3

Then place [rejected07.jpg](#) in box 7

Then place [rejected02.jpg](#) in box 2

Then place [rejected09.jpg](#) in box 9

Then place rejected04.jpg in box 4

Then place rejected05.jpg in box 5

Then roll the screen up, and show

Intell-PortMiss.jpg for three seconds

Dissolve into 3:33 to 3:40 of <https://www.youtube.com/watch?v=rhJNXsQuF1s>

(Please remove small emblem in lower right hand corner)

Then fade out for ending.
